

SENECA NATION OF INDIANS

Pre-Fight Medical Requirements AMATEUR BOXERS/MMA FIGHTERS (Effective 08/31/07)

1. A comprehensive **physical examination**, conducted by the fighter's private medical doctor. This examination should be performed **within one (1) year of the contest**. The competitor should be medically cleared to fight and should be indicated on **doctor's letterhead "fit to compete"**.
2. **BLOOD WORK**

HIV – Negative HIV serology (AIDS Blood Test) **within twelve (12) months of scheduled contest**.

Hep "B" – A Negative Hepatitis B Surface Antigen (HBV sAg) – **within twelve (12) months of the scheduled contest**. (note: negative Hep B sAb,cAb,eAg are **not acceptable**. Exceptions: If a fighter has undergone a vaccination series for Hepatitis B, they may present proof of immunity. This is via a blood test called HBV sAB. If this test is **positive**, the fighter is considered immune to the virus and does not need to be tested for the HBV sAg.

Hep "C" – Negative Hepatitis C serology (Blood Test) **within twelve (12) months of the scheduled contest**.
3. Statement of Trainer
